The Perfect Pockets Long Parka

\$145

This cozy parka has a water-resistant shell made of upcycled materials, synthetic down filling, and an abundance of pockets. There are six zipper-close pockets plus one roomy velcro-close pouch. Engineered for storage, this parka provides space for all the necessities you'll bring on your next cold-weather adventure.

Icons

These icons were sourced from the [Bootstrap Icons Plugin](#). The labels are the keywords used to find each icon.

The logo and “red circle” icon were made in Figma using the ellipse tool and text tool.

If you want to make your own logo, add the ellipse and text layers. Then, select both layers while holding shift. With the layers selected, hit command/control + G on the keyboard to group them together.

Photographs-Large

These photographs, posted by [Yaroslav Shuraev](#), were found on [Pexels](#).

You can drag the images directly into your design, or you can select the images and hit command/control + C to copy them, and command/control + V to paste them into your design.

Altneratively, you can open these links and download the photos to your device. Then, add each image as the fill of a rectangle.
